

# MAKE SOMETHING EPIC

UNIVERSITY OF  
SILICON  
VALLEY.

# THE CAKE MAY BE A LIE, **BUT THIS DEGREE ISN'T.**

Welcome to the University of Silicon Valley (USV), your gateway to a world of possibilities in gaming, animation, audio, and more. Here, you'll tackle challenges with fellow imaginative students, creating projects for Silicon Valley's top tech firms. Craft animated shorts, code impactful programs, and shape incredible games and audio.

Our industry-standard music studios and computer labs are your playground. Dive into Esports and student clubs, enriching your campus life. We immerse ourselves in real studios and labs, perfecting our skills to tackle real-world challenges like true champions! At USV, we're not just another university; we're your launchpad into an exhilarating world of creativity, innovation, and success.

**LET'S  
LEVEL UP  
TOGETHER!**

# DISCOVER THE

# USV EDGE

## GAMING SCHOOL A STONE'S THROW FROM TECH PROS

Our curriculum evolves faster than a shape-shifting robot, preparing you for success in the ever-changing world of tech.

## REAL WORLD LEARNING. FOR REELS.

Unlock the ultimate power-up: collaborate across majors, team up with industry pros, and build a jaw-dropping portfolio that'll make employers go wild!

## BE MENTORED, YOU WILL

As a private college, our smaller classes bring a personal touch to learning. Our faculty is like the ultimate support squad, providing mentorship to unlock your full potential.

## GRADUATE FASTER THAN A SPEEDRUN

Say goodbye to the "slow and steady" approach! Our innovative program structure is like a warp zone, helping full-time students finish faster, save moolah, and graduate as real-world rockstars.

## OUR PROFS ARE PLAYERS

Our faculty are not just pros, they're real-life superheroes sharing the hottest techniques and practices used by industry legends. Let the power of knowledge guide your epic journey!

## MORE THAN 135 YEARS OF CELEBRATING NERD-DOM

With deep roots since 1887, our collaboration with Silicon Valley's finest catapults you into a tech legend-in-the-making. Picture our Advisory Boards as a squad of industry legends, dishing out relevant course content, and guest lecturers who'll leave you starstruck.

# MAY THE COURSE BE WITH YOU

Whether you want to conquer the gaming world, mesmerize audiences with mind-blowing audio, or bring animated characters to life, we've got you covered with exciting programs.

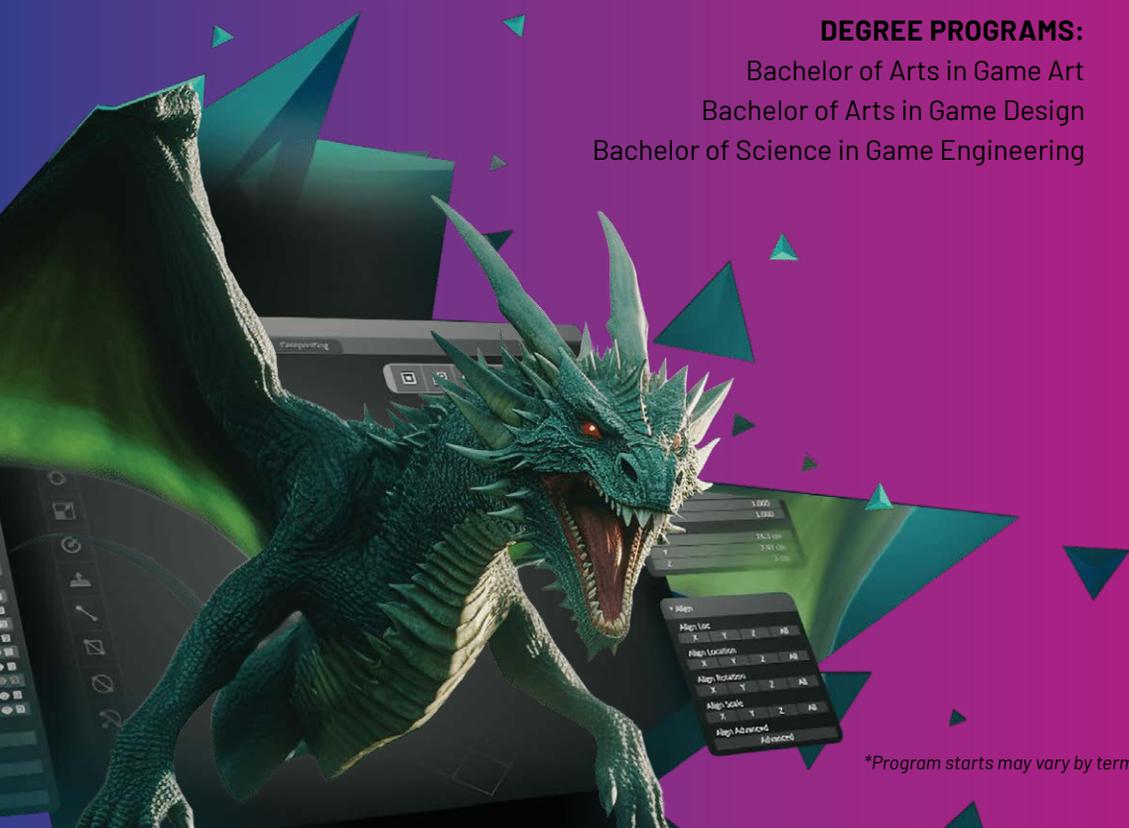

## GAME DESIGN & DEVELOPMENT

This is where your endgame begins. Dive into our legendary multiplayer realm of programming and game design. Team up with diverse majors, crafting projects for Silicon Valley's elite. Remain at the forefront of industry trends, and forge a standout portfolio that captures employers' attention!

# STUDENT LIFE

## TEAM-BASED, MULTI-PLAYER CULTURE

Whether you're mixing it up in audio tech, animating entire worlds, or designing the next epic gaming experience - we'll team up with you and dish out the tools, techniques, and support you need to succeed! From creating a cool campus vibe, and hosting exclusive events with industry legends, to our Real World Project Studios where you bring your visions to life, we're here to help you slay - your way.

# HOUSING

## YOUR HOME BASE HAVEN

Step right into our epic housing hangout. Our priority? Creating an amazing, safe, and all-around awesome place to live and learn. These modern apartments are loaded with every perk you can imagine - and then some! Our superstar resident assistant crew is your go-to squad for anything and everything. Connect, mingle, and swap knowledge with your neighbors and dive into activities that'll keep the good vibes rolling.

# FINANCIAL AID

## LET'S CHAT DOLLARS AND SENSE FOR YOUR SUCCESS

We're all about making education possible. If you're accepted and eager to join but need financial assistance, our Financial Aid Office is all ears, crafting aid packages that fit you like a glove. Don't hesitate to shoot us questions - we're here to help!

# ADMISSIONS

## LET THE QUEST BEGIN

Embrace the awesomeness of USV, where real-world education, industry mentors, and a cool community vibe await. Whether starting college as a freshman or thinking of switching from another school, the process is pretty simple. Just apply online, send in your documents, and chat with an advisor in an interview. No need to stress about deadlines—applications are welcome any time during the year. You won't have to wait long for a decision either, usually about two weeks!
